# About Us

**frameworkz** was conceived in the year 2009 as a one stop solutions provider for Project Management and allied services. With endless potential ahead of us, we pursued our dreams and there began our journey of growth.

By mid- 2010, **frameworkz** ventured in to the space of Design Consultancy providing design solutions to many of India's biggest corporate houses. Impressed with our competence, one of our clientele suggested that we take that one step further into the realm of Project Execution. And with that in 2011, **frameworkz** began providing Turnkey Solutions. Not long after, we ventured into Facility Management Solutions. The concept of **Design – Create – Manage** is deep imbibed in our roots and we all at **frameworkz** strive to exceed your expectations without compromising on our values of

**TOTAL commitment, Honesty, Punctuality and Quality.**

# WHAT DO WE DO

## Design Consultancy

We endeavor to provide the best design solutions backed by the right implementation strategies. We precisely understand your requirements and will not put you through uncomfortable situations like multiple design revisions etc.

## Turnkey Solutions

We provide turnkey solutions where we go all out and facilitate every process involved including selection, negotiation, space planning, construction co-ordination and complete project execution.

## Project Management

We bring along the combined expertise of Frameworkz and its partners across various avenues like planning, preparing, consulting and evaluation. We are aided by the latest technology and can help you out in deciding the right layout and thus realize what you had envisioned.

## Facility Management

We also provide a diverse array of services whereby we assist our clients to manage their facilities so that they can concentrate on their core business. You can leave the hassles of managing your facility with us.
